

MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking
Lydia E. Pinkham's Veg-
etable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

Calls for Inquiry.
London, May 30.—The London morn-
ing papers in commenting editorially
on the disaster call for a thorough in-
vestigation as to whether the bulk-
heads were closed, and if so, how was
it that the most modern system of
watertight compartments failed to
keep the ship from sinking?

The claim for the Empress of Ire-
land will be the heaviest suffered by
the Lloyds underwriters since the
sinking of the Titanic. It is expected
that the disaster will give a serious
check to the scheme for establishing
a Canadian Lloyds, with a view of
reducing the rates charged in London
for insuring vessels navigating the
St. Lawrence.

Statistics show that the underwrit-
ers have consistently lost money on
such voyages, owing to the dangers of
the river and the prevalence of fogs
and ice.
The Times, in an editorial, con-
siders that nothing could have saved
the Empress of Ireland, considering
the nature of the collision, but asks:
"What was the Storstad doing to run
into the Empress of Ireland with such
suddenness and violence?"
